DETAILED ACTION

Response to Amendment

1. Applicant's amendments to claims 1, 29, 46, 47 are acknowledged.
Consequently, rejections to claims 1-47 under 35 U.S.C. 101 and under 35 U.S.C. 112, second paragraph are withdrawn.

Allowable Subject Matter

2. Claims 1-47 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or make obvious obtaining desired relationships among objects represented in a database by filtering queries including a first geometry and a desired relationship between the first geometry and a second geometry through a primary filter, an intermediate filter and a secondary filter, in combination with all the limitations recited in claims 1, 29, 46, 47. The closest prior art of record Barbara et al provided by the applicant uses query rectangles and processes the query through multiple stages but does not use the specific algorithm recited by applicant in claims 1, 29, 46, 47.

Claims 2-28, 30-45 being further limiting and definite are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
